Once you complete and return this form to our office(via fax or mail), we will activate your account and you can immediately begin your advertising. Keep in mind, there is no financial obligation to partake in this program. We do however, allow a league the ability to purchase MVP Bands to obtain a desired fundraising percentage.

Database: All League purchases will be placed in an excel file/database and will be provided to the league upon completion of the fundraising. This will enable each league to cross-reference your league orders with the amount earned.

Advertising/Marketing Check list: A checklist will be provided to a league representative containing necessary tools to market the fundraising program within your league. It explains simple ways to communicate the message to every player/parent, coach & manager about the program, as well as the league's direct involvement and the benefits they can receive.

Payments: Each league has the ability to dictate the duration of their own MVP Fundraiser. We suggest a 1, 2 or 3 month duration, however, each league is different. Please indicate the conclusion of your fundraising program above. You may extend the date at any time by contacting our office at info@changeofpace.com or (530) 757-2012 ext. 13. Fundraising checks will be sent within 30 days of your end date.

Understanding:

The MVP Fundraising Program is designed to provide each league a great opportunity to raise money for their program. In order for maximum maximum results, we encourage you to take advantage of our Advertising/marketing tools to help convey the benefits of the program to all members within your league. If you do not host a league website, we can provide you with the proper forms designed for coach, player or parent distribution.

I have read the above information and agree to only use the MVP logo and trademark for the sole purpose of promoting the MVP Band Fundraising Program. Any other use must be approved in writing by a MVP Band representative.
